Dear Friends,

On behalf of Make-A-Wish® Central & South Texas and the children we serve, we extend our sincere gratitude for your recent gift. Through the generous support of friends and community, we are able to successfully fulfill our mission of creating life-changing wishes for children with critical illnesses. Children like Jaxon.

When Jaxon was diagnosed with Leukemia at 3 years old, doctors told his family their life was going to “completely change.” First, Jaxon had to be taken out of daycare while he was in treatment. He went from spending hours learning and playing with friends to spending over a year and a half at home. While at home, Jaxon and his dad would watch his favorite characters on the Disney Channel, and Jaxon began to love Mickey Mouse.

In June, Jaxon and his family met with Make-A-Wish of Central & South Texas to choose a wish, and Jaxon knew he wanted to meet his friend who had stood by him throughout treatment, Mickey Mouse. But Jaxon didn't just want to meet him, he wanted to play baseball with him.

“It's really hard for me to describe that moment,” Shayna, Jaxon's mom, said. “It was so magical to be able to see the amazement in Jaxon's eyes when he first saw Mickey. After a year of being in our house, without other kids, he was able to see his friend. He ran straight to him, skipping the line, to give him the biggest hug. The power of a wish means so much for the child, but it also means so much to the family. We were very fortunate to have time to focus on each other and have fun. It was a break from having to worry about everything that comes with cancer. The opportunity to have his wish granted is something that I believe really helped Jaxon's spirit.”

Please know how much we appreciate your generosity and thoughtfulness. This year, we will grant over 300 local wishes. With your help, we can achieve our ultimate vision - to provide empowering, spirit-lifting experiences for every eligible child in our 40-county community.

Thank you for making wishes come true.

Sincerely,

Kathrin Brewer
